Ba (Hons), MSc Planning, Appraisal and Development

arun.dhaliwal@quod.com

Areas of expertise

Arun joined Quod in 2021 as an assistant consultant within the Development Economics team. Arun's role includes policy research, development appraisal and data analysis.

Before joining Quod, Arun worked for a private developer who specialised in sourcing potential plots for the construction of modular housing.

Key experience

Eastgate Business Centre (Eastgate ACA Ltd) - Arun has been undertaking data analysis and valuations research on the existing residential units surrounding the site, to help to inform the viability appraisal for the proposed residential scheme consisting of 88 units, located in Basildon, Essex.

Streatham Vale DE (Hadley Property Group) - Arun has been assisting with the valuations research underpinning the Financial Viability Assessment for a mixed-use development located in Streatham comprising of up to 258 homes.

Stanmore Gardens (Notting Hill Genesis) - Arun has supported with the initial viability appraisal associated with the development of a proposed scheme consisting of 196 residential units based in Stanmore.

Millennium Retail Park (London Square) - Arun has undertaken research targeted around affordability testing and housing need to help develop proposals for a major new development at Greenwich Peninsula.
